

Woolwich Polytechnic

School for Girls

Ms. S. Kazmi MA. BA (Hons). NPQH

Dear Students

At Woolwich Polytechnic School for Girls we want you, our students, to be inspired by all the amazing things that women have achieved around the world and throughout time. To begin with, each of you will have been assigned to a form group that is named after one of these inspirational women; Jane Austen, Marie Curie, Frida Kahlo or Rosa Parks.

Over the summer holiday, we would like you to find out as much as you can about the woman your form group is named after. Below is a grid; we would like you to choose at least 3 things from the grid and complete them as a project about the woman that your form is named after. If you can do more, that would be great!

|  |  |   |  |
|--|--|---|--|
| Use the internet to research your inspirational woman  | Design and make a model associated with your inspirational woman   | Make a collage to represent your inspirational woman    | Write a newspaper/magazine article about your inspirational woman              |
| Write a set of questions that you would like to ask your inspirational woman if you could meet her | Write a poem about your inspirational woman                        | Draw or paint a portrait of your inspirational woman    | Make a factsheet about your inspirational woman                                |
| Make a game using facts about your inspirational woman   | Make an iMovie about the life and work of your inspirational woman | Make a timeline of the life of your inspirational woman | Use a computer to make a digital picture to represent your inspirational woman |

When you bring your project to school in September, there will be prizes awarded and all your work will go on display around the building as well as parents being invited in to see them later in the term.

We hope that you are as excited as we are about this project, we can't wait to see all your amazing work!

Good luck and enjoy.

Yours faithfully

Mr Leadbetter  
Head of Year 7
